

# Norwegian Ph.D Network on Nanotechnology for Microsystems, Presentation Meeting, University of Bergen

**Wednesday 21.10.2011, 9.30-12.00**

**Room 546, Department of Physics and Technology, Allegaten 55, 5007 Bergen**

<http://www.nano-network.net/index.html>

## **Schedule:**

9.30 - Welcome Bodil Holst

9.35-10.20 - An overview of the Network Activities, Jostein Grepstad and Sigrid Berg

10.20-10.40 - Nano activities at the Department of Biomedicine including a presentation of the UIB Nano platform sponsor by Nanomat , Knut Teigen+ Alexandre Micoulet?

10.40 –11.55 - Nano activities at the Department of Chemistry, Pascal Dietzel

10.55-11.10 - Coffee Break

11.10-11.25 - Nano activities at the Department of Biomaterials, Mihaela Roxana Cimpan

11.25 – 11.40 - Nano activities at the Department of Physics and Technologies, Bodil Holst

11.40 – 12.00 - Open Discussion, how can the Bergen groups contribute to the network in the best possible way.

12.00-12.30 - Tour of the new Electron Lithography Nanostructures Laboratory at the Department of Physics and Technology (Thomas Reisinger)

12.30-13.30 – Lunch – Please let me know if you want to attend.
