

Electrically Conductive Adhesives

- A half-day seminar for students, industry and researchers

HiVe – Vestfold University College,
Vestfold Innovation Park
Raveien 197, Borre/ Horten

13. December 2012

9:30 - Startup, of seminar, Welcome to HiVe

- **Isotropic Conductive Adhesives**,

Prof. James E Morris, Portland State University, Oregon, USA)

Break w/ fruit

11:15 - **Anisotropic Conductive Adhesives**

Dr. Laura Frisk, Tampere University of Technology, Finland

- **Polymer particles for conductive adhesives**

Helge Kristiansen, Conpart AS, Norway

- Final remarks

12:45 End of seminar

Norwegian Centres of Expertise

NCE Micro- and
Nanotechnology

NanoNetwork

Norwegian PhD Network on Nanotechnology for Microsystems
